datasheet DROP TOP TRIPLE

General description:

Bin that allows multiple recycling in a single container with 3 compartments differentiated on the lid due to their geometric shape. The three cavities are identifiable with a vinyl pictogram to choose from: glass, organic, general, paper, plastic or aluminum. Can be used in roofed exteriors.

Designer: STC Studio.

Technical description:

DROP TOP TRIPLE

Materials:

Main structure: galvanized steel.

Dimensions: 420x434x720mm 16.54x17.08x28.34".

The total capacity of the three cavities is 120 liters. We recommend the use of garbage bags starting from 50 liters.

mm · inches

Finishes:

Consult for special dimensions or any other modification.

Maintenance:

-Polyester Paint:

For dry dirt (dust), use a damp cloth. For greasy/oily stains (fingerprints), wipe with a sponge with water and dishwashing liquid. Rinse with a damp cloth. Avoid using products containing solvents and/or pure ethyl alcohol.

-Aluminum-metal-glass-melamine-plastic:

We recommend using normal cleaning products for delicate surfaces. Alcohol, solvents and abrasive agents must be avoided.

Sustainability:

Manufacturing materials are 100 % recyclable. The used paints do not contain solvents, do not consume water and do not generate emissions or waste. The result is a lower environmental impact.
